Translation:-

On everyday morning I go for a walk for some time. a while.

A rivulet is flowing beside our village.
rivulet flows

I really like to sit beside the river listening to the birds' chirping.

I often go there on holidays with my friends.

This beautiful atmosphere of nature always gives me pleasure.

N.B: ① Use proper words/phrases for proper place.

② Need more practice on the correct usage of preposition and articles.

③ In this case, 'river' is ^{the} best fitted.
